Heavy Equipment Operator 24-Week Program

Includes Class 3 & Endorsements 8 & 9A

Tuition: \$15,550.00

Books: \$550.00

This program is accredited and is offered to entry level people with little, or no, experience in the operation of heavy equipment. Operators who may have acquired previous credits and experience may also apply. Upon completion of this program, a successful participant will be ready for an entry level position with a heavy equipment contractor. You will have the essential skills, knowledge, and attributes to operate as an apprentice in the construction industry.

Heavy Equipment Courses

Students will get a minimum of 60 hours on each of three pieces (at the discretion of the school).
